Students will have to contact the Athletics & Recreation Department (UAPS) to register for a specific sport at the beginning of the semester:

- Go to the secretary of the U.A.P.S to choose a physical activity and sport, with a schedule that suits you (limited places, no registration by email or phone).
- Return to the International Affairs office to validate your registration definitively.

Courses take place 1h30 per week, attendance is mandatory (each absence is considered in the evaluation).

Objectives:

Allow students to integrate sport into their university curriculum at Dauphine, regardless of their department. Teachers in each activity will provide you with:

- Theoretical content;
- Physical content through the practice of a physical activity.

Prerequisites

Home institution's authorization to transfer credits.

Students must be able to practice a physical activity (not of incapacity, long-term injury ...)

Assignments and grading

You will be evaluated, in each activity, through the following areas:

- Your physical performance (continuous or final exam depending on the activity);
- The knowledge provided by the teacher during the course (evaluation in the form of a file and knowledge testing at the end of the semester);
- Your progress and your commitment.

The numerical grade distribution will dictate the final grade. The passing grade for a course is 10/20.

Class participation: Active class participation – this is what makes classes lively and instructive. Come on time and prepared. Class participation is based on quality of comments, not quantity.

Exam policy: In the exam, students will not be allowed to bring any document (except if allowed by the lecturer). Unexcused absences from exams or failure to submit cases will result in zero grades in the calculation of numerical averages. Exams are collected at the end of examination periods.

Course structure

The schedule depends on the sport chosen.
